Commissioner for Patents

The color drawings requested by the Office and submitted 10/19/2009 have been reviewed. The petition to accept the color drawings is denied because there is no statement in the specification indicating that the color drawings would be made available at request (see CFR 1.84a2 iii). Nonetheless, the petition to accept the color drawings is unnecessary because the color drawings will not become part of the published Patent since the color drawings are replacements (requested by the Office) for the black and white drawings of the declaration filed 4/13/2009.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to RUSSELL KALLIS whose telephone number is (571)272-0798. The examiner can normally be reached on M-F 8:30-5. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Anne Marie Grunberg can be reached on (571) 272-0975. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
